

The International Organization for Cooperation in Evaluation (IOCE) is a global network of more than **150 Voluntary Organizations for Professional Evaluation (VOPEs)** representing over **100 countries**.

## VISION

Evaluations are **widely used** and **lead to evidence-based decision making, effective policies, good governance**, and provide a **strong role for civil society**.

## MISSION

Evaluation is legitimised globally as an **important management & governance tool** and promoted by the **Global Evaluation Community**.

## CONTEXT

2020 will be a year of great challenges for evaluation: we must **renew the EvalAgenda** within a **framework of transformative evaluation** and create a relevant, inclusive, motivating roadmap.

## STRATEGIC OBJECTIVES

IOCE develops and strengthens VOPEs & networking

IOCE continues as a Global Evaluation Leader and advocates for the Power of Evaluation

IOCE strengthens and coordinates global dialogue on professionalization and promotes new advances in the evaluation field

IOCE manages its operations effectively

### In 2020 we aim towards:

- A strengthened identity with increased visibility and positioning
- Enhanced bottom-up involvement and ownership
- Financial wellness
